CommIT Enterprises, Inc. (CommIT) offers both proven methodologies and innovative solutions in our customized approach to each client delivery that is flexible enough to accommodate a constantly evolving environment, yet structured enough to provide strong program management support to the core mission. As a specialized cutting-edge niche company, CommIT is uniquely poised to provide support at strategic levels across multiple, highly diverse domains within the Commercial, Federal or Defense environments; featuring an adaptive, balanced approach that integrates enabling technologies, quality management theory and emergent best business practices while fostering cultural change.

CommIT possesses the qualifications, capabilities, and corporate infrastructure needed to excel in providing business management, technical and support services to our clients. Business management, technical and support services would include (but are not limited to):

- Management or Strategy Consulting
- Survey Planning and Development
- Acquisition Management
- Performance Measurement
- Technology Management
- Metrics Development & Monitoring
- Emerging Technology Planning Support
- Configuration Management
- Functional and Technical Analysis
- Administration Support
- Knowledge Management
- Advisory and Assistance Services
- Program Management
- Executive Leadership Briefings
- Educational Training Services
- Program and System Integration
- Program/Initiative Studies & Analyses
- Quantitative and Qualitative Analysis
- Governance and Consensus
- Logistics Management
- Documentation Development
- Advance Concepts Development
- Best Practices
- Risk Mitigation
- Change Management
- Functional Business Governance
- Planning and Scheduling
- Documentation and Reports
- Business Process Re-engineering
- Strategic Management Planning
- Enterprise Services
- Contract Management
- Information Assurance

CommIT specializes in defining and implementing full lifecycle cost-effective business solutions. We have an outstanding record of accomplishing management, organizational and business improvement type work, and the management know-how to ensure the delivery of quality and timely services.

CommIT was established in October 2002 by Mr. William Hoffer - President and CEO, and has grown to over 50 employees with projected revenues of over \$10.0 million for 2009. Our record of success and steadfast growth is based, in large part, upon our proven business model of assisting clients in all aspects of business processes and integration of enabling technologies required to support their operations and mission requirements. CommIT is a Veteran-Owned, Small (Certified on October 2, 2002), privately held, integrated technology management firm providing professional engineering, integration, and implementation services within some of Government and Industry's toughest knowledge-based environments.

Our philosophy of providing customer satisfaction is based on our demonstrated ability to actively engage as a partner with our clients, to fully understand their business needs, and to provide enterprise-wide solutions accompanied by technologies to support those needs. Our Commercial Price Lists contained on pages 3 – 7 are divided into three specific areas: Business Management, Technical and Support Services. Each table contains a labor category title and hourly rate.

For further information on how CommIT can help deliver the right support for successfully achieving your business objects, contact Martin Fairclough, Executive Vice President of Operations, 703-846-5504 or martin.fairclough@commitent.com.
